

150-foot photovoltaic container for construction sites

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ...

Due to its robust construction and its own weight, the Solarcontainer already offers sufficient protection against lifting or shifting without a foundation. For higher ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...
