

445 Photovoltaic panel specifications

SunPower 360W compared to a Conventional Panel on same sized arrays (260W, 16% efficient, approx. 1.6 m²), 4% more energy per watt (based on 3pty module characterization and PVSIm), 0.75%/yr ...

FBM445M7G-BB / 120 cells 445 Watt Mono-Crystalline PV Module UL 61730, CE-compliant

This high-performance solar panel, equipped with 120 cells, delivers an impressive 445W of clean and sustainable energy, making it an excellent choice for residential and commercial solar installations.

Sleek, low-profile integrated solar that replaces the roof covering for an improved aesthetic and for simple roof maintenance, now at similar cost to above-roof panels.

About SEG Solar SEG Solar is a leading manufacturer of high-performance solar panels for residential, commercial, and utility applications. help customers reduce their energy costs and ...

Designed with advanced N-type TOPCon cell technology, this bifacial module maximizes energy output by harnessing sunlight from both sides, making it ideal for residential, commercial, and industrial ...

FBM445M7G-BB / 120 cells 445 Watt Mono-Crystalline PV Module URE modules use state-of-the-art cell cutting technology, and advanced module manufacturing experience to provide leading power ...

LG Electronics, Inc. Solar Panel Series LG Mono X® Plus 445-455. Detailed profile including pictures, certification details and manufacturer PDF.

LG's solar panel's high efficiency comes in part from its Cello technology, which increases its power output and reliability making it one of the most powerful and versatile modules in the market.

The specifications and key features contained in this datasheet may deviate slightly from our actual products due to the on-going innovation and product enhancement.
