

Annual power generation of Fengtan Power Station

The Fengtan Dam is an arch-gravity dam on the You River, located 48 km (30 mi) southeast of Zhangjiajie in Hunan Province, China. The purpose of the multi-purpose dam is flood control, irrigation, power generation and navigation. The dam has a power station with an installed capacity of 800 MW and provides water for the irrigation of 44 km (17 sq mi). Construction on the dam began in ...

The designed total installed capacity is 400000 kW, and the annual power generation is 2.043 billion kwh. The total storage capacity is 17.4 cubic meters, belonging to seasonal regulation reservoir.

This information is drawn from GlobalData's Power Intelligence Center, which provides detailed profiles of over 170,000 active, planned and under construction power plants worldwide from announcement ...

Nestled in Yuanling County, Hunan Province, the Fengtan Hydropower Station stands as a marvel of Chinese hydroengineering. Since its first generator roared to life in 1978, this concrete hollow gravity ...

This report is your guide to identifying lucrative opportunities within the Fengtan, showcasing your offerings, and boosting your chances of securing valuable contracts.

ower station built and commissioned in the twentieth century. The construction began in September 1991 and ended in 2000 and the first generating unit started operati

The dam has a power station with an installed capacity of 800 MW and provides water for the irrigation of 44 km² (17 sq mi). Construction on the dam began in 1970 and the first generator was operational ...

To access additional data, including an interactive map of global hydroelectric power plants, a downloadable dataset, and summary data, please visit the Global Hydropower Tracker on the Global ...

The purpose of the multi-purpose dam is flood control, irrigation, power generation and navigation. The dam has a power station with an installed capacity of 800 MW and provides water for the irrigation of ...

Data and information about power plants and their location across the globe. All plotted on an Interactive world map
