

What is a SELCO arc flash relay?

Circuit breakers or overcurrent protection devices alone do not provide optimal protection for your personnel and equipment. A SELCO Arc-Flash Relay rapidly detects an arc flash and sends a trip signal to interrupt power in milliseconds.

Why should you use arc flash protection?

Arc Flash Detection - Explosion risk, injury to personnel and costly downtime can be avoided with an Arc-Flash Protection solution for surveillance of switchboards, transformers, and capacitor load banks, etc. Circuit breakers or overcurrent protection devices alone do not provide optimal protection for your personnel and equipment.

Can arc flash be extinguished?

It is not generally possible to extinguish a developing arc, but the damage can be limited by cutting the power to the switchboard as soon as possible. This requires fast and efficient arc flash detection systems. In case of an arc flash fault, the SELCO arc-flash relay detects and generates a tripping pulse in less than 1 millisecond.

How arc flash detection system works?

This requires fast and efficient arc flash detection systems. In case of an arc flash fault, the SELCO arc-flash relay detects and generates a tripping pulse in less than 1 millisecond. This tripping pulse is taken to the circuit breaker (s) that control the supply to the installation.

Rapid arc flash detection and protection offer very fast and reliable interruption of an arc fault by tripping the upstream supply of energy to the faulted compartment. With a well-designed rapid arc flash ...

Arc Flash Detection Relay Arc flash detection for enhanced safety and efficiency Arc Flash Detection - Explosion risk, injury to personnel and costly downtime can be avoided with an Arc-Flash ...

Discover R& B Switchgear Group's arc flash safety solutions for maximum protection, reduced damage, and minimised downtime after arc accidents.

Arc flash - advanced safety for switchgear systems An arc flash in a low voltage switchboard can be catastrophic in terms of safety of people, and to the ongoing continuity of your ...

Eaton's xEnergy Elite motor control centers and power distribution switchgear combine intelligent communications and industry-leading arc flash prevention to provide the safest, most effective ...

Sell-Best Arc Flash Relay Features Sell-Best arc protection relay is designed to detect and rapidly and accurately respond to arc flash incidents for personnel and equipment electrical safety. ...

Find your arc flash protection relay easily amongst the 33 products from the leading brands (ABB, SIEMENS, Littelfuse, ...) on DirectIndustry, the industry specialist for your professional purchases.

Arc flash switchgear for sale in Bulgaria

Eaton provides arc flash protection and advanced safety systems for low-voltage switchgear, safeguarding your business and employees from unnecessary risk

For those who helped create the Genki Dama

Infographic There several causes of arc flashes - such as faulty materials, installation problems or operating errors. What are the risks for your business? Download Case Study (Airbus) Case Study ...
