

British Outdoor Power Company

Who are pop up power supplies ®?

Pop Up Power Supplies Ltd ® work closely with some of the UK's leading contractors, architects and civil engineers, creating bespoke outdoor power solutions and retractable service units for their projects. Beginning of dialog window. Escape will cancel and close the window.

How much is the UK outdoor industry worth?

This is a big deal: according to an Outdoor Industries Association report, the UK outdoor industry is estimated to be worth around £1.5 billion at retail. A few fiercely independent companies also stuck stubbornly to their commitment to make stuff here at home, even if only on a small scale.

What are the different types of outdoor power units?

There are three main units in our range - Pop Up units, Power Bollards and In-ground, also known as Flip lid, all of which provide a range of outdoor power. We offer a range of configurations, as well as bespoke In-ground power units or Pop Up units with recessed tops that can accommodate different forms of surface material such as paving.

When will battery power become the main power source for outdoor power equipment?

Our aim is that, within 5 years, battery power becomes the principal power source for outdoor power equipment. Here at EGO, we pride ourselves on manufacturing products that not only have petrol-matching power, but are reliable and robust too.
