

# How much is the investment amount of Brasilia Energy Storage Power Station

The Brazilian Energy Storage Solutions Association (ABSAE) reports that nearly 18 GW of battery projects are already prepared for registration. Contracting even 2 GW could unlock ...

The upcoming battery auction could attract up to \$450 million in private investment, the projected cost for developers to install 300 MW of storage capacity.

The auction will enhance Brazil's power grid reliability by integrating energy storage solutions for electricity generated from renewable sources such as wind and solar.

The auction, to take place in June 2025, will include 300MW energy capacity purchase that could drive an estimated \$450m in investments from winning bidders, according to consultants ...
