

Industrial breaker manufacturer

Who is circuit breaker wholesale?

Circuit Breaker Wholesale (CBW) is US-based and works as a top supplier of new and reconditioned circuit breakers. Back in 2003, this company became popular for offering affordable answers that did not necessarily compromise quality. Finding solutions for the smallest range of specific electrical needs easily.

What makes a good circuit breaker manufacturer?

A manufacturer with proven expertise will be able to provide solutions for specific needs. A good manufacturer offers options for different applications--whether it's residential, commercial, or industrial. For instance, Siemens provides a variety of circuit breakers, from compact models to industrial-grade solutions.

What is a circuit breaker?

A circuit breaker is an electrical protection device that cuts power to an electrical cable in case of overvoltage, short circuit, or if the circuit presents an isolation defect. Circuit breakers are used in industrial facilities to protect circuits and electrical machinery.

Who makes ABB circuit breakers?

ABB is a Swiss-Swedish multinational company pioneering in power and automation technologies, established in 1883. ABB manufactures a range of circuit breakers that can operate in low-, medium-, and high-voltage applications across various industry verticals.
