

Price list for 200kW smart pv-ess integrated cabinet

What is a C&I ESS battery system?

The C&I ESS Battery System is a standard solar energy storage system designed by BSLBATT with multiple capacity options of 200kWh /215kWh /225kWh /245kWh to meet energy needs such as peak shifting, energy back-up, demand response, and increased PV ownership.

What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

How many kWh can a bslbatt battery cabinet hold?

This commercial energy storage system comes in multiple capacity options: 200kWh/215kWh /225kWh /241kWh. The BSLBATT 200kWh Battery Cabinet utilizes a design that separates the battery pack from the electrical unit, increasing the safety of the cabinet for energy storage batteries.

What is ESS & DG?

ESS and D.G., smart air-cooled heat dissipation, single cabinet capacity of 215kWh. Suitable for industrial and commercial scenarios, which supports functions like timed scheduling, peak-shaving, PV self-generation & consumption and so on. Maximum support for 12 machines in AC parallel, expandable to 2.58MWh; Reserved DC expansion interface.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.
