What's happening at solar solutions 2024 in Amsterdam?

These are just some of the key trends that have emerged at Solar Solutions 2024 in Amsterdam. Over 300 international exhibitors are presenting their products and solutions, primarily for residential and commercial applications, in the Greater Expo exhibition hall in Amsterdam until this afternoon.

Why are glass-glass modules becoming a standard in the private sector?

According to Michael Katz, Manager Regional Marketing and Communications at Trina Solar in Munich, one important reason why glass-glass modules are increasingly becoming the standard in the private sector is that, in addition to better durability and environmental performance, the solar glass is lighter.

Which companies are promoting sustainability in the Netherlands?

For example, Paulius Kuodis, responsible for Business Development & Sales at Solitek, a Lithuanian manufacturer of glass-glass modules, reported a strong awareness of sustainability and quality in the Netherlands, while Andreas Hoischen, Senior Director Photovoltaic, Inverter BU at Delta Electronics, for example, sees a strong price drive there.
