

The No 1 company in solar module export

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

Which countries dominate solar module manufacturing?

According to Wood Mackenzie's report, China continues to dominate the solar module manufacturing landscape in terms of scale, but emerging challengers from India, South Korea, and Vietnam are rapidly closing the gap as global production becomes more geographically diverse.

Which manufacturers ship N-type solar modules?

N-type modules accounted for the majority of shipments from several top-tier manufacturers. Jinko Solar, the top global shipper, reported that over 87% of its 2024 shipments were N-type. However, TOPCon remained the leading advanced technology, with average conversion efficiencies exceeding 24%.

What is a Tier 1 photovoltaic module manufacturer?

BloombergNEF (BNEF) has published the Tier 1 list of photovoltaic module manufacturers for the fourth quarter of 2025 (Q4 2025). This classification identifies manufacturers that meet the strict bankability criteria required by BNEF, used as a reference by financial institutions, developers and EPCs internationally.

According to InfoLink's statistics, the global top ten module suppliers shipped a total of approximately 247.9 GW, up 10% YoY. Among the first-tier players--the top four-- Jinko Solar ...

According to Wood Mackenzie's report, China continues to dominate the solar module manufacturing landscape in terms of scale, but emerging challengers from India, South Korea, and ...

BloombergNEF (BNEF) has published the Tier 1 list of photovoltaic module manufacturers for the fourth quarter of 2025 (Q4 2025). This classification identifies manufacturers ...

In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over ...

Juggernaut industry leaders like Hanwha Qcells and Trina Solar are considered amongst the very best solar panel companies worldwide. Below is a list of the 14 biggest solar panel ...

According to Wood Mackenzie, the top 10 photovoltaic module producers now have enough combined capacity to meet the global annual demand for new panels. These companies ...

Companies like Jingyou and Hoshine Silicon have seen their operational rates fall to single digits, with very

The No 1 company in solar module export

low monthly output. In a PV industry where economies of scale are crucial, ...

Discover the top 10 solar PV module manufacturer companies in 2025, featuring American-made solar panels and industry leaders like First Solar and LONGi Green Energy.

The photovoltaic (PV) sector continues to dominate renewable energy markets, with China maintaining its stronghold as the world's leading exporter of solar panels. As of Q3 2024, Chinese manufacturers ...

Firmly ranked No. 1 in global module shipments with dual leadership in technology and scale LONGi Green Energy remains the world's leading PV module supplier, with estimated ...
