

Zombie Destruction Project Solar Generator MOD

At the request of several subscribers we are going to see how this very good mod works. Immersive Solar Arrays...more

Generators must be placed on the ground, connected, fueled, and turned on, in order to provide power in its radius. Generators can be picked up with the context menu, but do not go into a ...

Solar arrays has easily become an essential mod for me. Edit: You can also change the efficiency of them and how fast the batteries degrade. If I'm feeling extra lazy and just want to focus on ...

Notice! Use only one version of the mod. Latest mod id is "ISA_41". If you have installed mods with same mod_id then you won't be able to select which one is loaded. Mods that delete ...

To make the ISA, you will need to find an inverter (it looks just like a battery charger) and solar panel parts. They spawn in hardware loot, like warehouses and garages.

Description Immersive Solar Arrays (ISA) adds new items and lets you harvest solar power for the needs of your base!

Discover mods for Project Zomboid on Nexus Mods.

This mod allows you to power an entire building based on its internal room connections. Plug in one custom generator inside or next to a building, and the whole structure comes to life.

-Add a generator to the setup so that you never lose power even when your batteries lose power or die! -All batteries degrade and die, some sooner rather than later.
